

TOGAWA[®]
INDUSTRY CORPORATION

**With four times
pressure resistance of ordinary
pressure resistant hoses!**

MADE IN JAPAN

**HIGH PRESSURE
RESISTANCE!**

NEW MEGA HIGH PRESSURE HOSE

Flexible PCV product

Nominal designation	I.D. (mm)	O.D. (mm)	Maximum Working Pressure (MPa at 20°C)	Minimum bending radius (mm)	Weight (g/m)	Length (m)
MB-19	19.0	28.0	4.0	90	408	100
MB-25	25.0	35.0		100	579	100
MB-32	32.0	42.0	2.0	160	715	50

•Working temperature: -5°C~+60°C * MB-32 will be lot production.

Usage	Features	Fluid
For water supply of machine and factories, air piping, and water supply for engineering and construction sites.	High pressure resistance. The fluid can be visually checked easily.	 Water  Chemicals Note: Cannot be used for fuel oil

*To improve quality, specs are subjected to change without notice.

*Due to the characteristics of the print, the color of the hose might be slightly different from the actual products.
